| Model | Product dimensions LxPxA (mm) | Net Weight (Kg) | Gross weight (Kg) | Package Dimension LxPxA (mm) |
|------------------------------------|----------------------------------|--------------------|----------------------|---------------------------------|
| Hands washer 400x400 Autonomous | 400x501x1290 | 15 | 16.3 | 400x509x1290 |

OPERATION

The operation of the hand-washers does not require energy consumption or hydraulic connection, based on washing hands with water pump system with tank for clean water and dirty water.

INSTRUCTIONS FOR USE

- On a 1st use it is normal to have to press the foot pump repeatedly for the water to travel through the entire pipe circuit.
- As the device does not need a water connection, is a mobile equipment;
- Pay attention to the filling of the containers, being one for clean water and the other for dirty water;

MAINTENANCE AND CLEANING:

- The product contains no electrical parts, the appliance can be immersed in water for a more efficient cleaning.
- When cleaning the appliance, do not use abrasive products which can damage it. Is recommended to use a cleaning product suitable for stainless steel.

Warranty

- ❑ The equipment is guaranteed for a period of 12 months from the date of purchase.
- ❑ The guarantee is valid against defects of origin, whether of material or of manufacture.
- ❑ Whenever there is an anomaly in the equipment, it must be returned as soon as possible, with the purchase document.
- ❑ When the warranty is triggered, damaged parts will be repaired or replaced, as the manufacturer understands. In the event of their replacement, the damaged parts become the supplier's property.
- ❑ Any defects resulting from improper installation or use / handling of the equipment are excluded from the warranty.
- ❑ The equipment will lose its warranty whenever any change or modification or even repair made by the user is identified.
